## Marriages and Deaths etc.

### Happy events.

15 (a) During the year under report His Highness the Darbar Sahib Bahadur contracted a marriage with the daughter of the Jagirdar of Aklor (Solankhi Rajput) in the Bundi State, on the 3rd January 1910 and all the ceremonies connected with this happy event were observed with great pomp and eclat and during the matrimonial period which extended for over a week there were great rejoicings and every thing passed off happily.

(b) The accession of His Most Gracious Majesty Emperor George V was solemnized on the 9th May 1910 by firing a salute of 101 guns. Remissions in sentences were granted to all the convicts in the Jail at Bundi in connection with the happy event.

### Deaths.

16 It was with the greatest regret that on the 7th May 1910, the very melancholy and sad news of the sudden demise on the night of 6th May 1910 of His Most Gracious Majesty the Emperor Edward VIIth was received. The news cast a gloom throughout the State and His Highness the Durbar Sahib Bahadur was heavily shocked and felt the loss very keenly, and as a mark of respect and tribute to His Most Gracious Majesty all State and public offices and the Bazaar were closed and all business and rejoicings were suspended for 3 days and all other mourning ceremonies were observed and 101 minute guns were fired from the Fort. Similar ceremonies of mourning were also observed at Nainwan on account of His Highness the Durbar Sahib Bahadur's being there at that time. On the 20th May, the funeral day of His Majesty, 68 minute guns were fired and shops and all public offices were closed and all rejoicings suspended on that day both at Bundi and Nainwan. To commemorate the most benevolent reign of His late Most Gracious Majesty the King Emperor Edward VII His Highness was pleased to contribute Re 10,000 to His late Majesty's Memorial Fund. (Re 5,000 to the All India Memorial Fund and Re 5,000 to the Rajputana Provincial Fund.)

### Murder of Sir Curzon Wyllie.

17. Another sorrowful event during the year under report was the death by murder in London of the Honorable Colonel Sir Curzon Wyllie, an Officer who had done much for Rajputana and who was very much liked by all class of people on account of his goodness of heart and a perfect gentlemanly nature and the good work he had done for all. His Highness the Darbar Sahib Bahadur, whose great personal friend Sir Curzon Wyllie was, was much grieved. As a mark of respect to the deceased, 13 minute guns were fired and all public offices were closed on the 7th July 1909, the day of Sir Curzon Wyllie's funeral.

## **Donations.**

18 H. H. the Darbar Sahib Bahadur was pleased to make the following donations during the year under review;—

1. Rs. 1,000/- ... towards Sir Curzon Wyllie Memorial Fund
2. Rs. 700/- ... towards Sir Dimlop Smith Memorial Fund.
3. Rs. 500/- ... towards Allahabad University building Fund.
4. Rs. 250/- ... towards Lord Kitchner Memorial Fund.

## **Political Relations.**

19. The relations between the Darbar and the Supereme Government have been of the same cordial and friendly nature as ever, and the Darbar acknowledge with great gratitude the assistance and advice received at the hands of the Government and its officers.

20 During the year under report the Honorable Colonel A. F. Pinhey C. I. E., officiated as Agent Governor General till the 17th November 1909 when the charge of that high office was taken by the permanent incumbent the Honorable Mr. E. G. Colvin C. S. I., on his return from furlough, who continues to hold charge of that high office.

21 Major A. B. Drummond held the post of the Political Agent Haraoti & Tonk throughout the whole year except for a small period when in his absence on leave Major D. V. Condon I. M. S. Agency Surgeon officiated in addition to his own duties.

22 All these officers evinced deep interest in the welfare of the State and did all in their power to help it, for which the State tenders its most grateful thanks to them.

## **High Officials.**

23 The names of the high officers as also the changes effected in the personnel during the year under report are embodied in Appendix I herewith enclosed.

---

## **CHAPTER II.**

### **Revenue.**

24 In addition to his own duties as Revenue & Finance Member, Babu Randhir Singhji B. A. is supervising this Department in a satisfactory manner.

25 For administrative purposes the State has been divided into 5 Nizamats, each presided over by an officer called Nazim who is assisted in the discharge of his duties by a Naib Nazim and other clerical staff. This new arrangement effected in Samvat 1964 seems to be working well.

26 During the year under report there has been no land revenue settlement: the rates of assessment fixed in 1878 remain unchanged.

27 With a view to extending cultivation and bringing the culturable waste land under cultivation, concessions were granted and special officials deputed to make a tour in the different Nizamats and explain to the cultivators on the spot the concessions granted to them and thus encourage them to extend cultivation by all means in their power. This measure has had good effect, as besides cultivation being extended large area of land of culturable waste land was also brought under cultivation, bringing in increased revenue to the State as will appear from the following statement:—

				Land Revenue
Samvat 1965	...	...	...	Rs 5,01,302
" 1966	...	...	...	" 5,50,393
		Increase	...	Rs 49,091

## CHAPTER III.

### Legislation.

28 The State has its own codifications for the guidance of its judiciary, based on Hindu Dharma Shastras, customs of the country and the general spirits of the codes in force in British India.

29 Appendix II showing laws in force in the State is attached herewith.

30 With a view to preventing the spread of sedition and disloyalty to the Paramount Power and the use of explosives for seditious purposes in the Bundi State, notices were issued strictly warning all the subjects, officials, etc against such practices and enjoining upon them the duty of arresting any dangerous or suspected person or persons found to be entering the State. Fortunately there has not been noticed a single case of any disaffection or disloyalty to the Government in the Bundi State nor is there any likelihood of occurrence of such case in future.

## Military Force.

31 Appendix III attached herewith shows the military force of the State maintained during the year under report. There have been no variations in the number of the forces maintained during this year as compared with that of the previous year Samvat 1965

32 Below is the Statement of expenditure incurred in connection with the Military Forces of the state:—

Samvat 1935	...	...	...	Rs	1,02,520 - 0 - 0
" 1966	...	...	...	"	1,07,979 - 0 - 0
Increase				Rs	5,459 - 0 - 0

33 The Military Force maintained is employed in furnishing escorts, guards of honour in State processions and ceremonials, and for the military purposes as necessity arises.

34 The Infantry are armed with smooth-bore muzzle loading muskets and bayonets, the Cavalry with smooth-bore muzzle loading Carbines, Swords and Lances and the Artillery men with Swords.

## Police.

35 Wazir Mohammed continued to hold office of the Police Superintendent throughout the year.

The Police are divided into 2 main bodies, the City Police and the District Police, and their functions are the same as they were last year.

36 The City Police keeps a watch over bad characters and maintains order in the city, while the District Police which is composed of 14 Thanas is responsible for guarding communications, affording protection to travellers and keeping peace and order in the mofussil.

37 Appendix IV showing Strength, cost of discipline and education of the District and the City Police maintained by the State during the year under report, is herewith attached.

38 The ratio of the Police to area and population of the State comes to one policeman for 3·90 square miles and for 307·96 persons.

## Criminal Justice.

39 Names of the various courts by means of which Criminal Justice is administered in the State are noted below:—

1. Council (Judicial Branch).
2. Fojdari Court at Bundi.
3. Kotwali at Bundi.
4. Pargana Courts.
5. Fort Courts.

40 Appendices VIII and IX herewith attached show the working of the different Criminal Courts mentioned above.

### Civil Justice.

41 The Appendices X, XI and XII show names and working of the various courts through which Civil Justice is done in the State.

42 These courts have worked well and there has been no change in their constitution during the year under report.

### Abolition of the Appellate Court.

43 With a view to saving time, trouble and expenses to the people His Highness has been pleased to order the abolition of the Appellate Court from the beginnig of the year under report and the transfer of its powers and jurisdiction to the Judicial Branch of the Council.

### Extradition.

44 The sub-joined table gives names of the States and number of the criminals extradited to and from the foreign States through the Political Agency during the year under report:—

Name of States	Criminals		
	Received from	Sent to	
Mewar	...	...	...
Tonk	...	...	...
Total	...	3	1

45 In all, 3 criminals were received from and one was sent to the foreign States during the year under report.

46 No particular difficulty was experienced in the matter of extradition for want of reciprocity on the part of any State.

## **Prisons.**

47 There is only one Central Jail at Bundi capable of holding 149 persons at the rate of 648 cubic feet for each man. It contains two separate wards, one for males and the other for females.

48 The Jail building is commodious and well ventilated and stands in a healthy locality on the southern outskirts of the capital.

49 Its management is conducted under the supervision of the Foreign Member of Council.

50 The health & character of the prisoners remained satisfactory throughout the year.

51 There has been no mortality among the Jail population nor has there been any complaint of ill treatment or transgression of Jail rules on insubordination.

52 Appendix XIII showing information with regard to prisoners in the Jail and Kotwali lock-up is herewith attached.

53 The number of persons treated in the Hospital attached to the Jail and Kotwali is shown in Appendix XXIII attached herewith.

54 The Jail was inspected by Major De-Vere- Condon, B. A., M. D. Agency Surgeon, Haraoti & Tonk on the 5th December 1909, who expressed satisfaction with the discipline sanitation and general management of the institution.

## **Registration.**

55 Appendix XIV and XV attached herewith will show the number of documents registered and the revenue realized under this head during the year under report.

## **Municipality.**

56 The sanitation of the town has been looked after in the usual manner by Lala Sunder Lal official in charge of sanitation and the expenditure incurred on and the revenue derived under this head has been shown in Appendix XVI herewith attached.

## CHAPTER IV.

### Rainfall, weather & Crops.

57 The monsoon of Samvat 1966 broke in time in the 1st week of July 1909 and was of normal strength. The rainfall registered at the capital throughout the year amounted to 29 inches and 89 cents. The rainfall being good, timely and well distributed both the Kharif & Rabi crops yielded a very good outturn at every inch in the State.

58 Thus Samvat 1966 may be fairly said to have been a good year, bringing as it did, an increase of Rs. 90,483 in the revenue of State as is evident from the financial Statement XXII herewith attached.

59 With the good outturn of the Rabi & Kharif crops the prices of food grains naturally went down and continued to show tendency to fall throughout the year.

60 Appendix XVIII showing prices of food grains is herewith attached.

### Wages and Labour.

61 During the year under report the labour market has been stationary and though there has been no appreciable change in the rates of wages they exhibited tendency to rise. The labour is getting scarcer day by day and difficult to obtain.

62 The rates of wages as at present stand are:—

Blacksmith	...	...	...	...	6 annas per day
Carpenter	...	...	...	...	6 " "
Cooly	...	...	...	...	4 " "

### Forest.

63 Below is given the revenue derived from and expenditure incurred on the Forest Department during the year under report.

		Income.			Expenditure.		
		Samvat 1965	1966	23,607	22,580	4,040	4,390
		...	...	...	...	...	...
		"	"	"	"	"	"

64 The areas producing grass in the State are sufficient to meet requirements. Hence measures to extend them were not undertaken. However, instructions are issued to all concerned from time to time urging upon them the advisability of storing surplus fodder and grass as a safeguard against years of famine and scarcity, and it is a matter of satisfaction to note that these instructions are being acted upon.

## Trade and Manufacture.

65 Variations in the customs revenue indicate the condition of the trade in general.

66 Samvat 1966 being a good year in which there was plentiful agricultural produce, the import and export trade of the State shewed an increase in the customs revenue of Rs. 32,702/- during the year under notice as compared with the past year as the following figures will show:—

Samvat 1965	...	...	...	...	...	...	2,04,895
" 1966	...	...	...	...	...	...	2,37,597
					Increase	...	32,702

67 The chief articles of export are:—

1. Cotton
2. Zæera
3. Oilseeds
4. Opium
5. Ghee
6. Hides of bullocks and buffaloes.
7. Skins of sheep and goats.

68 The articles of import are:—

1. Sugar
2. Gur
3. Piece-goods
4. Hardware
5. Groceries (Kirana)

### Indebtedness of the State.

84 It is a matter of great satisfaction to note that notwithstanding the increased expenditure during the year under notice, the State has been able to pay about a hundred thousand rupees towards the liquidation of its debts which now stand at only about Rs 1,00,000/- and that too, the State hopes to pay off shortly if the year following the one to which the report relates, turns to be a good year of which upto the time of writing this report there appears to be every indication.

CHAPTER VI.

## Medical.

85 The Sub-assistant Surgeon Kundan Lal continued to hold charge of the charitable Hospital at Bundi and discharged his duties very satisfactorily.

86 Appendix XXIII showing the working of the Hospital during the year under report is herewith attached.

87 During the year under report the Hospital was inspected by Major De-Vere Condon I. M. S. Agency Surgeon, Haraoti & Tonk, who expressed himself well pleased with what he saw there.

## Health.

88 The public health has, during the year under report, been good and fortunately the State has enjoyed complete immunity from Plague or any other Epidemic diseases.

## Vaccination.

89 Appendix XXIV showing births and deaths recorded during the year under report is herewith attached.

## CHAPTER VII.

### **Education.**

90 Pandit Brij Mohan Lal, B.A. Head Master, remained in charge of the education department throughout the year under report.

91 This year three students were sent up for the Rajputana Middle School Examination held at Ajmer and it is very gratifying to observe that all of them got through thus showing result of success cent per cent.

92 The two sons of the Jagirdar of Jaitgarh in Bundi continued to study at the Mayo College, Ajmer. Both the boys are reported by the Principal of that institution to have made good progress in their studies and behaved thoroughly well.

## CHAPTER VIII.

### **Criminal Tribes.**

93 The following is a tabulated Statement showing the number of Kanjars settled in the Bundi State:—

Men.	Women.	Boys	Girls	Total	Remarks.
7	8	6	11	32	

94 With a view to make them give up gradually their ingrained predatory habits and make them earn an honest living and thus relieving the State of undue burden of their support, 160 Bighas of land was allotted to them but owing to their habitual disinclination to take to cultivation very little of the land was cultivated by them during the year under report.

95 Every possible effort is being made to reclaim them and to induce them to cultivate.

### **Printing Press.**

96 The State owns its own Printing Press at the Capital which turns out work equal to the State demand.

97 The following statement gives the expenditure incurred on and the revenue derived therefrom during the year under report.

Samvat	1965	..	Rs-	Income			..	Rs-	Expenditure		
				50	12	0			1245	0	0
"	1966	"	"	663	0	0	"	"	1694	0	0

### Treasure Trove.

98 No treasure trove was found in the State during the year under report.
